### Stand-out with the VETUS Stand-Up Paddle board

With the coming summers in mind, VETUS expands its range with an inflatable SUP Board for the water sports enthusiast. The lightweight board is very stable and can be easily transported in the supplied carrying bag. The VSUP11 is ideal to have aboard your (sailing) boat or in your car to quickly enjoy the water right after work.

The VSUP11 is a slightly wider board, making it very stable. Made from durable double-layered PVC, the VSUP11 will guarantee many years of fun. Equipped with double fins providing extra stability, this board is excellent to practice SUP yoga on.

Dimensions are 335 cm long, 80 cm wide and 15 cm thick. The board holds a maximum load of 180 kg. On the front of the board a built-in cargo net enables the user to bring along small items. The large blue and teal coloured EVA foam surfaces offer extra grip and contrast nicely with the bright white and yellow of the VSUP11 itself.
